

# Annual Kite Flying

February 2, 2007 marked the 15<sup>th</sup> anniversary of Kythe! In line with this celebration, the Annual Kite Flying was held at the **Bellarmino Field** last **February 10, 2007**. Patients from AFP Hospital, NKTl and NCH enjoyed the afternoon with family and Kythe volunteers and friends. Congratulations to the Kythe-Ateneo officers and members who worked hard to make the afternoon a success. Here's to more years and reasons to celebrate!

An intimate Mass was first held at the Church of the Gesu. Thank you Fr. JBoy Gonzales, SJ for celebrating with us.

And then it was off to the Bellarmino field to eat...to watch a magic show...to have face painting... to play with some furry friends (thank you to PAWS, the Philippine Animal Welfare Society).. and to ride a fire truck (thank you to the Keno Evangelista and the Dapitan Fire and Rescue Volunteers)..

... and what would the Annual Kite Flying be for, but for kite flying!

Because we continue to believe...

***"Kids should be flying kites, not fighting cancer."***

Thank you for taking these beautiful photos Ate Lizette!
