

Bloodletting with the CAT group

January 20, 2007

BCC Bldg., Mandaluyong, Metro Manila

Employees from the CAT Group, a group of ten security agencies in the Philippines, held a bloodletting last January 20, 2007 at their head office in Mandaluyong. A medical team from the National Children's Hospital (NCH), one of Kythe's affiliate hospitals, facilitated the bloodletting. Cynthia Manzanares, Kythe's Child Life Projects officer, was also present. Forty (40) bags were collected that day, and will benefit the pediatric patients of NCH. Thank you CAT Group! Special thanks to **Cesar, Zari and Jojo Poe** for the generosity and support! Thank you, too, **Ralph Bueno**, for the invaluable assistance!
