

# PINOY ULTRA RUNNERS

For the past year, the Pinoy Ultra Runners have had continuous efforts in raising funds and awareness for Kythe. The team has run several marathons for the benefit of the children of Kythe. The runners, along with their sponsors and friends, which include **R.O.X., The North Face and the Base Conversion Development Authority (BCDA)**, have visited several Kythe-affiliate hospitals, to meet the children and turn over funds raised for the Foundation. Special thanks to **NEVILLE MANAOIS**, who has been most instrumental in the Pinoy Ultra Runners' continued support for Kythe.
